

Examination results 2018

Year 11 (190 students)

Attainment 8 and Progress 8 are based on results in

- Maths (double counted)
- English (double counted)
- 3 Ebacc subjects (from Science, Humanities, MFL, Computing)
- 3 other approved subjects

The headline figures on the Government Performance website are disappointing however it is important to state that this masks considerable improvement in Science and Maths. As a school we know that the performance in English especially is not yet where it ought to be and this has a very big impact on the Progress 8 figure. As stated at the Information Evenings, girls' performance is also much better than boys'. We had a number of students who, for a variety of reasons, were on alternative provision or were no longer on roll and yet these students still count in the published figures. The adjusted column below shows the effect of these 9 students on published outcomes.
